MEMORANDUM FOR Dr. James R. Killian, Jr.
Chairman, President's Foreign
Intelligence Advisory Board

SUBJECT: ☐ National Reconnaissance Office

Replying to your memorandum of February 28, 1963, the National Reconnaissance Office (NRO) is still operating under the documents which I transmitted to your Board with my memorandum to Mr. Coyne of July 11, 1962. The only change in the NRO set-up in the meantime was the designation as of March 1, 1963, of Dr. Brockway McMillan as Director of NRO in place of Dr. Charyk.

Carrying out an understanding arrived at between Mr. McCone and me on January 30, 1963, the NRO agreement between CIA and DoD is currently being revised. A draft of the new agreement is now being considered by the Agency, and when it has been executed I will see that the Board receives a copy.

bc: Mr. McNamara
Mr. McCone
Mr. Horwitz
